

## INDIVIDUAL LICENSE STATUS REVIEW

Individuals who hold a state license should access NMLS regularly to check the status of their license. Regulators will communicate the status of license requests and any jurisdiction-specific Requirements or Deficiencies through the NMLS. Regulators may also email you outside of the NMLS.

1. Login into NMLS.
2. In the welcome screen, select the  Tab in the upper right hand corner.
3. In the View Home screen, select [View Individual](#) in the blue header below the houses.
4. In the *View Individual Information* screen, select the *View License/Registration List* in the left navigation panel.
5. A list of the licenses filed along with their status will appear.
6. Click on the link under [License Items](#) to view the license status history.
7. In the License Items column, click on the hyper-linked number to view Requirements and/or Deficiencies placed on the filing by the regulator.

License Number	License Name	Status	Status Date	License Items	Prevent Renewal
	<a href="#">Washington Loan Originator License</a>	Pending - Deficient	6/25/2008	<a href="#">1</a>	No

8. Comments included in the Requirement or Deficiency placed by the regulator will indicate next steps.
9. Changes to information in NMLS can be made by updating the information in the appropriate fields and re-submitting the filing to the regulator.
10. Requirements for missing information or documentation may be needed outside the system. Documentation should be sent to the address listed on the regulator's Jurisdiction Specific Checklist. (See: [State Licensing Resource Page](#))
