

MU1 Expired Business Activities

Background

Certain business activities were expired in NMLS to ensure all business activities were relevant and well defined. Other business activities that were previously combined have been separated into distinct, separate business activities because of updates to the [Mortgage Call Report](#) Form Version 6 (FV6).

If your NMLS dashboard displays a warning message that you have expired business activities selected on your latest submitted MU1 filing, you must file an amendment to your MU1 filing to update your selected business activities.

Filing an MU1 Amendment to Update Selected Business Activities

1. Click **Filing**.
2. Click **Company (MU1)**.

3. Click **Create New Filing** or **Complete and Submit a Pending Filing** (📝).

4. Click the **red X icon** to remove the business activities that were listed in the warning message on your NMLS dashboard.

NOTE: Click **Add Activity** to select open the Business Activity Wizard to add any business activities you may need to replace the business activities you removed.

5. Click **OK** to confirm.
6. Click **Attest and Submit** on the left navigation panel.
