Policy

Companies that hold a state license or state registration through NMLS are required to complete a Mortgage Call Report (MCR). The Standard MCR contains two components; the Residential Mortgage Loan Activity Report (RMLA) and the Financial Condition (FC). The RMLA component collects application, closed loan, individual MLO, Line of Credit, servicing, and repurchase information by state, in addition to company level information related to lines of credit and nationwide servicing information.

The RMLA component must be submitted quarterly, within 45 days of the end of every calendar quarter, for standard filers.

In the *Standard MCR Section*, companies provide information regarding mortgage loan originators (MLOs) employed during the period.
