February 2017 (2016.4.3) – Release Notes

Release Date: February 27, 2017

The purpose of these release notes are to provide a summary of system maintenance updates included in February 2017 (2016.4.3) Release of NMLS.

System Maintenance Updates

SCR Number	Category/Title	Description	Context
38111	Composite View: State Company Composite Search Results displays incorrect name for a federal-only institution	The System will be updated to display the current institution name in the state context within the Composite View for a federal-only institution that possesses a dormant state record.	State
38203	Dashboard: Company Filing Deadline Dashboard uses wrong permission on the License Item hyperlink	The Filing Deadline section of the company dashboard will only display the link to License Items if the company user has the correct role.	State
37244	Mortgage Call Report: Duplicate MCR filing was created	The System will be updated to prevent duplicate Mortgage Call Reports (MCR) from being created or MCR filings from being processed without an Residential Mortgage Lending Activity component when using the Beta version of Firefox 51.	State
38214	Payments: Paid Agency Fee Invoice did not clear license item	The System will be updated to ensure the Outstanding Agency Invoice license item is not changed from Cleared to Uncleared if a regulator is on the license item page prior to payment of the invoice and clearing of the license item, but saves the page after the invoice is paid.	State
38439	Surety Bonds: Note/Comments Text in Bond Meta Data Need to be Wrapped	The note text for Bond Status Transactions will wrap appropriately when displayed.	State
38447	Surety Bonds: Oracle Error while entering Surety Bond Correction note > 3990 Chars	The System will be updated to limit entry of Request Correction and Decline Bond notes to the appropriate number of characters instead of generating an error.	State
38473	Surety Bonds: Cancellation Review Item generated erroneously for undelivered bond	The System will be updated to ensure bond cancellation regulator review items are not generated for undelivered surety bonds.	State
