

NMLS Policy Guidebook Changes – July 15, 2025

- ***Pages 51-66: Update to NMLS Policy Guidebook Structure***

The NMLS Policy Guidebook is being updated to make it more user friendly. In continuation of our last release, pages 51 - 66 have been redrafted. As a reminder, each of the larger sections are now referred to as Chapters which now include callouts to the reader such as, terminology used in the chapter, warnings, information, and tool tips. These updates also incorporate changes made to NMLS as a result of NMLS modernization. Updates will continue to be made for uniformity and as the Mod Project moves through its Phases.
