Policy

Depending on the jurisdiction in which an applicant is seeking licensure, the applicant may be required to take two components of the SAFE Mortgage Loan Originator Test - a National Component and a State Component. However, many states only require a passing score on the National Test Component with Uniform State Content. Most state agencies require a passing score on the tests prior to submitting an application through NMLS.

National Component with Uniform State Content - Effective April 1, 2013, all state licensed MLOs are required to pass the National Component with Uniform State Content of the SAFE MLO Test.

State Component - State licensed MLOs may be required to pass a State Component of the SAFE MLO Test for each jurisdiction in which they hold a license. However, state agencies which adopt the Uniform State Test (UST) no longer require individuals to pass their State Specific Test Components.

Many state agencies have adopted the Uniform State Test (UST). For more information, visit the [Testing](#) and the [Uniform State Test Implementation Information](#) pages of the NMLS Resource Center.
