

## List of Eligible Tests

### Overview/Policy

---

Depending on the jurisdiction in which an applicant is seeking licensure, the applicant may be required to take two components of the SAFE Mortgage Loan Originator Test - a National Component and a State Component. However, many states only require a passing score on the National Test Component with Uniform State Content. Most state agencies require a passing score on the tests prior to submitting an Individual (MU4) application through NMLS.

- National Component with Uniform State Content - Effective April 1, 2013, all state licensed MLOs are required to pass the National Component with Uniform State Content of the SAFE MLO Test.
- State Component - State licensed MLOs may be required to pass a State Component of the SAFE MLO Test for each jurisdiction in which they hold a license. However, state agencies which adopt the Uniform State Test (UST) no longer require individuals to pass their State Specific Test Components.

A company user may select one or more tests from the list of eligible test(s) for an individual who has granted access to your company. The system automatically displays tests currently eligible for enrollment based on the following:

- Previous test results
- Test components that have already been paid for
- Test components currently in the Test Cart awaiting payment

A test may not appear above for any of the following reasons: (i) an open enrollment window exists for the test; (ii) the test has already been taken and passed; (iii) the test is already in the cart; or (iv) the test was replaced with the Uniform State Test (UST).

## Helpful Hints

1. Many state agencies have adopted the Uniform State Test (UST). For more information, visit the [Testing](#) page and the [Uniform State Test Implementation Information](#) page of the NMLS Resource Center.
2. If an individual has not created an Individual Account in NMLS, you will not be able to pay for a test enrollment until the account is created and *Company Access* has been granted.
3. Individuals creating an account must use their legal name as documented on their government issued ID to avoid issues at the testing centers.
4. Prior to scheduling an appointment through the test vendor, payment must be remitted by completing Steps 1-9 above.
