

# **NMLS Policy on Approved and Not Approved Topic List for Pre-Licensure and Continuing Education Intended to Satisfy SAFE Act Education Requirements**

**December 4, 2023**

**Version 2024.0**

## **Purpose**

The purpose of this document is to identify the pre-licensure (PE) and continuing education (CE) topics NMLS has determined will satisfy the education requirements of the SAFE Act. This document also identifies specific topics that are required to be covered as part of annual CE. The required topics for CE are updated annually.

## **Background and Reason for this Document**

In accordance with the SAFE Act, as a condition for acquiring a state-issued MLO license, individuals are required to complete 20 hours of pre-licensure education which shall include 3 hours of Federal Law, 3 hours of Ethics (which shall include fraud, consumer protection, and fair lending), 2 hours of Non-Traditional Mortgage Lending, and 12 hours of undefined education (electives). As a condition to maintain a state-issued MLO license, MLOs are required to complete 8 hours of annual continuing education which shall include 3 hours of Federal Law, 2 hours of Ethics (which shall include fraud, consumer protection, and fair lending), 2 hours of Non-Traditional Mortgage Lending, and 1 hour of undefined education (elective). In addition to the required hours as identified in the SAFE Act, state agencies can also establish additional requirements.

An initial version of this document was published to industry in April 2009, and was amended in 2012, and just included approved and not approved topics. Topics were not identified as being more suitable for PE or CE. This version of the document segments the topics by PE and CE and is intended to help reduce situations where CE is duplicative of PE. It is also intended to align with the new expanded test content outline. Topics have also been included which we believe will help to better inform individuals who are new to the industry of the phases of the mortgage lending process, the role of a mortgage loan originator (MLO), and how various laws and the MLO support consumer protection.

The approved topic list, especially the PE section, includes a significant number of topics and sub-points. We recognize it would be a challenge for any course provider to provide instruction on every point in 20 hours. Accordingly, as a condition for course approval not every topic is required to be included in course content. That said, this document does align with the expanded test content outline and there is an expectation that individuals taking and passing the MLO SAFE Test will possess sufficient knowledge on each of the published topical areas.

In coordination with state regulators and the Multi-State Mortgage Committee (MMC), annual continuing education is required to include specific topics that have been identified as reoccurring problems on mortgage exams. It is the view of NMLS that one of the intentions of the CE requirement of the SAFE Act was to ensure MLOs stay current on issues pertaining to the accepting and negotiating terms of a residential loan application. The topics listed as "required" will need to be covered in the designated calendar year. NMLS is not defining how much time must be spent on each of the required topics nor is it envisioned that the topics will consume the full two or three hours of ethics or federal law. However, with the continued input of state regulators and the

MMC, the topic list will be refreshed during the first quarter of every year and the new topics will be required to be instructed the following year (for example, topics have been identified in the 2021 version of this document are for instruction in 2021; during the first quarter of 2021 new topics will be published for instruction in 2022).

## CONTINUING EDUCATION (CE) REQUIRED TOPIC LIST FOR ANNUAL CE YEAR 2024

### Background: Who Established the Required CE Topics and Why? (Review time 2-3 mins)

- **Important:** The required CE topics for 2024 have been ranked from 1-10 by the Multi-State Mortgage Committee (MMC) and were derived from the 2021 3rd quarter examination reports. The top 10 ranked topics the MMC considers important information that every Mortgage Loan Originator must adhere to in order to prevent violations actionable by State Regulators. Furthermore, the final action taken per the examination, resulted in additional audits, required written letters of explanation, implemented corrective action plans, refunds, and assessed penalties.
- The Multi-State Mortgage Committee (MMC) is comprised of 10 appointed State Regulator members and one Conference of State Bank Supervisors (CSBS) member. Their role is to implement cooperative protocol between state agencies and the financial industry. For additional information Ref: [CSBS-AARMR MMC Exam Manual](#)

- Individual Mortgage Loan Originators are and will be held accountable by State Regulators for violations found during examinations.

### Topic 1: ECOA - 12 C.F.R. §1002.9(b)(2-9)

- **Findings Title:** "Unknown Reason" for Loan Denials
  - **Citation Violation:** 12 CFR § 1002.9(b)(2)-9 by stating "Unkown Reason" and not providing the principal reason for denying an application.
  - **Examination Findings:** Pursuant to 12 CFR § 1002.9(b)(2)-9 of the official interpretation of Regulation B, the ECOA requires disclosure of the principal reasons for denying or taking other adverse action on an application for an extension of credit. The Fair Credit Reporting Act (FCRA) requires a creditor to disclose when it has based its decision in whole or in part on information from a source other than the applicant or its own files. Disclosing that a credit report was obtained and used in the denial of the application, as the FCRA requires, does not satisfy the ECOA requirement to disclose specific reasons. For example, if the applicant's credit history reveals delinquent credit obligations and the application is denied for that reason, to satisfy 12 CFR § 1002.9(b)(2) the creditor must disclose that the application was denied because of the applicant's delinquent credit obligations.

### Topic 2: TILA - 12 C.F.R. §1026.23(a)(3)(i)(b)(1)(v)

- **Findings Title:** Right of Rescission
  - **Citation Violation:** The borrowers were not provided the notice of right to rescind.
  - **Examination Findings:** A lender shall provide the notice of the right to rescind to each consumer entitled to rescind which shall clearly and conspicuously disclose the date the rescission period expires. The consumer may exercise the right to rescind until midnight

of the third business day following consummation, delivery of the notice required, or delivery of all material disclosures, whichever occurs last. If the required notice or material disclosures are not delivered, the right to rescind shall expire 3 years after consummation, upon transfer of all of the consumer's interest in the property, or upon sale of the property, whichever occurs first. In the case of certain administrative proceedings, the rescission period shall be extended in accordance with section 125(f) of the Act per 12 CFR § 1026.23(a)(3)(i)(b)(1)(v).

### Topic 3: FCRA - 15 U.S.C. §1681i(a)(1)(A)

- **Findings Title:** Prohibited Fees Charged for Rapid Recheck or Expedited Rescore Fees
  - **Citation Violation:** 15 U.S.C. § 1681i(a)(1)(A) The credit report fees charged to the borrowers included prohibited fees for rapid recheck or expedited rescore.
  - **Examination Findings:** The Fair Credit Reporting Act prohibits a mortgage company from charging the borrower a fee for a “rapid recheck or expedited rescore” of a consumer credit score. Credit report fees charged to the borrowers appear to contain prohibited fees for rapid recheck or expedited rescore.

### Topic 4: ECOA - 12 C.F.R. §1002.9(b)(2)

- **Findings Title:** Statement of Specific Reasons
  - **Citation Violation:** Failed to disclose the credit score it used in taking adverse action along with related information, including up to four key factors that adversely affected the consumer's credit score.
  - **Examination Findings:** The statement of reasons for adverse action required by paragraph (a)(2)(i) of this section must be specific and indicate the principal reason(s) for the adverse action. Statements that the adverse action was based on the creditor's internal standards or policies or that the applicant, joint applicant, or similar party failed to achieve a qualifying score on the creditor's credit scoring system are insufficient per § 1002.9(b)(2).

#### *Official interpretation of Paragraph 9(b)(2)*

9. Combined ECOA-FCRA disclosures. The ECOA requires disclosure of the principal reasons for denying or taking other adverse action on an application for an extension of credit. The Fair Credit Reporting Act (FCRA) requires a creditor to disclose when it has based its decision in whole or in part on information from a source other than the applicant or its own files. Disclosing that a credit report was obtained and used in the denial of the application, as the FCRA requires, does not satisfy the ECOA requirement to disclose specific reasons. For example, if the applicant's credit history reveals delinquent credit obligations and the application is denied for that reason, to satisfy §1002.9(b)(2) the creditor must disclose that the application was denied because of the applicant's delinquent credit obligations. The FCRA also requires a creditor to disclose, as applicable, a credit score it used in taking adverse action along with related information, including up to four key factors that adversely affected the consumer's credit score (or up to five factors if the number of inquiries made with respect to that consumer report is a key factor). Disclosing the key factors that adversely affected the consumer's credit score does not satisfy the ECOA requirement to disclose specific reasons for denying or taking other adverse action on an application or extension of credit. Sample forms C-1 through C-5 of appendix C of the regulation provide for both the ECOA and FCRA disclosures. See also comment 9(b)(2)-1.

### Topic 5: TILA - §1026.23(b)

- **Findings Title:** Rescission notice is not in compliance
  - **Citation Violation:** The 'Notice of Right to Cancel' (i.e. rescission notice) was not completed in compliance with Regulation Z § 1026.23(b).
  - **Examination Findings:** Regulation Z, §1026.23(b) requires that: "In any transaction or occurrence subject to rescission, a creditor shall deliver two copies of the notice of the right to rescind to each consumer entitled to rescind (one copy to each if the notice is delivered in electronic form in accordance with the consumer consent and other applicable provisions of the ESign Act). The notice shall identify the transaction or occurrence and clearly and conspicuously disclose the following:
    - (1) The retention or acquisition of a security interest in the consumer's principal dwelling.
    - (2) The consumer's right to rescind the transaction.
    - (3) How to exercise the right to rescind, with a form for that purpose, designating the address of the creditor's place of business.
    - (4) The effects of rescission, as described in paragraph (d) of this section.
    - (5) The date the rescission period expires".See also Comment 23(b)(1)-3, which states "The notice must include all of the information outlined in Section 1026.23(b)(1)(i) through (v). The requirement in § 1026.23(b) that the transaction be identified may be met by providing the date of the transaction."

### Topic 6: TILA - 12 C.F.R. §1026.19(e)

- **Findings Title:** TILA Zero Tolerance Overcharge
  - **Citation Violation:** The fees charged to the borrower on the final Closing Disclosure (CD) exceeded the amount originally disclosed (zero tolerance) in the Loan Estimate (LE). Also, the loan file did not find any change of circumstance disclosure that would have validated the additional charge.
  - **Examination Findings:** An estimated closing cost disclosed under section 1026.19(e) is not in good faith if the charge paid by or imposed on the consumer exceeds the amount originally disclosed under section 1026.19(e)(1)(i).

### Topic 7: TILA - 12 C.F.R. §1026.19(e)(1)

- **Findings Title:** TILA Loan Estimate Not Provided Timely/Who's Responsible
  - **Citation Violation:** Brokered loan, where the initial Loan Estimate was not provided in a timely manner. 12 C.F.R. § 1026.19(e)(1). In addition, the initial Loan Estimate must be provided no later than the third business day after the receipt of the consumer's application even though a company is the broker and might have established disclosure agreements with the wholesale lender. The responsibility falls on the originators.
  - **Examination Findings:** The creditor shall deliver or place in the mail the Loan Estimate not later than the third business day after the creditor receives the consumer's application. Code of Federal Regulation section 1026.2(a)(3)(ii) states in part that an application consists of the submission of the consumer's name, the consumer's income, the consumer's social security number to obtain a credit report, the property address, an estimate of the value of the property, and the mortgage loan amount sought.

### Topic 8: ECOA - 12 C.F.R. §1002.14(a)(1)

- **Findings Title:** Providing an Appraisal and/or Other Valuation
  - **Citation Violation:** Loan files did not indicate the borrowers were provided with a copy of the appraisal report or other valuation.
  - **Examination Findings:** 12 C.F.R. §1002.14(a)(1) requires a creditor to provide to an applicant, a copy of all appraisals and other written valuations developed in connection with an application for credit that is secured by a first lien on a dwelling. A creditor must provide a copy of each appraisal or other written valuation promptly upon completion, or three business days prior to consummation of the transaction, whichever is earlier.

### Topic 9: TILA - §1026.19(f)(2)(iii)

- **Findings Title:** Post Closing Disclosure (CD) not Provided to Borrower for Change in Third-Party Charges
  - **Citation Violation:** Must provide the Post Closing Disclosure with the correct Title fee and the amount of fees on the Closing Disclosure matches with the final settlement statement.
  - **Examination Findings:** The Post Closing Disclosure (CD) was not provided to the borrowers for the change in third-party charges.

### Topic 10: ECOA - 12 C.F.R. §1002.14(a)(1)

- **Findings Title:** Failure to provide appraisal and applicable valuation disclosures within three (3) business days of application.
  - **Citation Violation:** Failed to deliver a notice in writing of the applicant's right to receive a copy of all written appraisals to applicants within three (3) days of application. In the event an appraisal is required on a loan, the "Notice of Right to Receive a Copy of Appraisal" advises the consumer that they will receive a copy upon completion, and in any event, no less than three (3) business days prior to the closing. The disclosure also gives the borrower the right to waive receipt of the appraisal three (3) business days prior to closing.
  - **Examination Findings:** Section 1002.14(a)(1) of the Bureau of Consumer Financial Protection's Regulation B, 12 C.F.R. 1002.14(a)(1), implementing the Equal Credit Opportunity Act, 15 U.S.C. 1601 et seq., requires a creditor to provide an applicant a copy of all appraisals and other written valuations developed in connection with an application for credit that is to be secured by a first lien on a dwelling subject to specific timeframes. Section 1002.14(a)(2) of the Bureau of Consumer Financial Protection's Regulation B, 12 C.F.R. 1002.14(a)(2), implementing the Equal Credit Opportunity Act, 15 U.S.C. 1601 et seq., requires a creditor to mail to the applicant, not later than the third business day after the creditor receives an application for credit that is to be secured by a first lien on a dwelling, a notice in writing of the applicant's right to receive a copy of all written appraisals developed in connection with the application.

  - **Citation Violation:** An estimated closing cost is in good faith if it does not exceed the amount originally disclosed. A revised estimate may be used in the event of a valid changed circumstance if the revised fee is disclosed to the borrower within three business days of the change. Third-party fees the borrower cannot shop for are subject to a zero percent tolerance limit. In addition, recording fees may increase by no more than ten percent from the amount initially disclosed on the Loan Estimate (LE) without a valid changed circumstance. § 1026.19(e)(3) and (4).
